

Small Group Calls on State Experiences with D-SNP Information Sharing

As of January 1, 2021, Dual Eligible Special Needs Plans (D-SNPs) were required to begin sharing information with the state or the state's designees on hospital and skilled nursing facility admissions for one group of high-risk enrollees. Over the last two years, the Integrated Care Resource Center (ICRC) and the Medicare-Medicaid Coordination Office (MMCO) have supported states as they developed information-sharing process. In May, ICRC will hold a series of small group calls for state Medicaid agencies focused on specific approaches or aspects of D-SNP information sharing.

We realize that states are just beginning these efforts and that the care coordination activities triggered in response to hospital and SNF admissions notifications will continue to develop and evolve over time. Nevertheless, we want to provide an opportunity for states to share their early experiences and learn from one another. Both ICRC and MMCO staff will also be available to respond to your questions on these calls.

Please consider registering to attend one or more of these three calls, the agendas for which were determined via previous responses to a single survey question used to help identify states' priorities for discussion topics on D-SNP information-sharing for each call.

Participation in these calls is limited to state or designee state staff, so while you should feel free to pass this invitation along to colleagues with other state agencies that are recipients of admissions information, please do not invite D-SNP or Medicaid MCO staff.

- **Small Group Call #1: Tuesday, May 18 from 12:30-1:30 pm ET**
 - Topic 1: Sharing Admissions Notifications with State Partners to Support Medicaid Care Management
 - Topic 2: Getting Started – Ways to Use Admissions Data Now That We Have It
 - Topic 3: Refining Data Exchange Fields, Methods, or Submission Timeframes
 - Register [here](#).
 - **Small Group Call #2: Thursday, May 20 from 2:00-3:00 pm ET**
 - Topic 1: Getting Started – Ways to Use Admissions Data Now That We Have It
 - Topic 2: Sharing Admissions Notifications with State Partners to Support Medicaid Care Management
 - Topic 3: Refining Data Exchange Fields, Methods, or Submission Timeframes
 - Register [here](#).
 - **Small Group Call #3: Monday, May 24 from 3:00-4:00 pm ET**
 - Topic 1: Leveraging Health Information Exchange for Real-Time Notifications
-

- Topic 2: Refining Data Exchange Fields, Methods, or Submission Timeframes
- Topic 3: Sharing Admissions Notifications with State Partners to Support Medicaid Care Management
- Register [here](#).

ABOUT THE INTEGRATED CARE RESOURCE CENTER

The Integrated Care Resource Center is a national initiative of the Centers for Medicare & Medicaid Services to help states improve the quality and cost-effectiveness of care for individuals dually eligible for Medicare and Medicaid. The state technical assistance activities are coordinated by Mathematica and the Center for Health Care Strategies. For more information, visit www.integratedcareresourcecenter.com.
