

## **UPCOMING WEBINAR: September 23, 2021 from 3:00-4:00 pm ET**

### **Florida's Medicare-Medicaid Program Integrity Review**

The Florida Agency on Health Care Administration (AHCA) and its downstream user, HMS, Inc., perform an audit on Medicare and Medicaid claims data for dually eligible individuals as an anti-fraud, waste, and abuse measure. By using the Chronic Conditions Warehouse (CCW) Medicare data files, the state Medicaid agency and HMS can compare Medicare payments and deductible/coinsurance amounts to the information submitted to Medicaid for services for this cohort and recoup any identified overpayments made to providers.

On **September 23, 2021 from 3:00-4:00 pm ET**, the State Data Resource Center (SDRC) will host a webinar in which Florida and HMS will describe the process of obtaining and utilizing the Medicare data for this audit, Florida's return on investment (ROI) results to-date, and its lessons learned and tips for other state Medicaid agencies interested in performing a similar investigation.

For more information, please contact SDRC via the support line (877) 657-9889 or email [sdrc@econometricainc.com](mailto:sdrc@econometricainc.com).
