## Endnotes

- <sup>1</sup> A single Medicare Advantage contract may include more than one D-SNP and may also include other SNP types and non-SNP Medicare Advantage plans.
- <sup>2</sup> A new D-SNP contract for purposes of this table is a contract that includes one or more D-SNP plans in the February 2020 SNP Comprehensive Report for a specific state but is not included in the December 2019 SNP Comprehensive Report for that state. A departing D-SNP contract is one that includes one or more D-SNP plans in December 2019, but that is not included in the February 2020 SNP Comprehensive Report for that state. In many instances, the parent company of a new or departing D-SNP will continue to operate other D-SNP contracts in that state, as noted in subsequent footnotes. United changed contract numbers for contracts including D-SNPs from R7444 to R0759 in FL, and from R7444 to R2604 in GA/SC in 2020. These contract number changes are not included in this table. BCBS ended D-SNP contract number H8133 (GHS) in TX in December 2019 but began operating contract number H9706 (Health Care Services Corporation) in January 2020. These contract number changes are also not included in this table.
- <sup>3</sup> 6 D-SNPs span across multiple states in 2020. For this analysis, we divided the enrollment in the plans evenly across the relevant states.
