Endnotes

¹ A single Medicare Advantage contract may include more than one D-SNP, and may also include other SNP types and non-SNP Medicare Advantage plans.

² A new D-SNP contract for purposes of this table is a contract that includes one or more D-SNP plans in the February 2019 CMS SNP Comprehensive Report for a specific state, but that is not included in the December 2018 SNP Comprehensive Report for that state. A departing D-SNP contract is one that includes one or more D-SNP plans in December 2018, but that is not included in the February 2019 SNP Comprehensive Report. In a number of cases, a company with a departing D-SNP contract may be operating other non-departing contracts in the state that include D-SNP plans. In those cases, the departing D-SNP is not counted as a departure in this table if most or all of the enrollees in the departing contract appear to have been enrolled in non-departing contracts operated by the company in the state that included a D-SNP.

³ While the United D-SNP is a new entrant, United had 104,026 non-SNP Medicare Advantage enrollees in CT in December 2018.

⁴ While the United D-SNP is a new entrant, United had 124,135 non-SNP Medicare Advantage enrollees in IN in December 2018.
